RULES & SAFETY

- Walkers/dancers stay to the LEFT and runners to the RIGHT. This way it's safe for everyone.
- Color Rollers – Wheelchairs and prams are the only wheels permitted on course and it is recommended you keep yourself towards the back of the start line. Leave bikes, scooters etc at home please.
- If you are running with small children please watch and direct them through the event. We recommend writing your name and mobile number on your child's race bib in case they get lost.
- If you are concerned with any part of the colour experience feel free to wear safety glasses, a bandana, dust mask or similar. Should you have any difficulties whilst on course please notify a staff member or volunteer.
- No furry friends – Please keep your animals at home even if you think they would look cute and colourful.
- Follow the directions provided by event officials and volunteers.
- If you injure yourself, there is an Elastoplast First Aid tent in The Village as well as at each Color Zone. If you suffer from asthma please remember to bring your asthma puffer with you. Our colored corn starch powder is not harmful in any way, however as with any dust particles it can cause temporary discomfort.
- There is a \$5 bag drop facility at the event for all your valuables! Please report anything or anyone lost to the Information Tent (*location within the Festival Village*).
- While the color should mostly wipe off your device, if you are concerned about the color damaging your phone, wrap it in cling wrap or place in a zip-lock bag.
- **HAVE FUN** and remain respectful and courteous to everyone around you.

CAPTAIN COLOR'S PREPARATION & CLEAN UP TIPS

PREPARATION:

PREPARE YOUR HAIR

We recommend using a leave-in conditioner, coconut oil, Moroccan oil or something similar in your hair, as this will help the color to wash out post event. However, if you are not okay with having any color in your hair as a badge of honor for a few days, get creative and wear a hat or wig especially if you have blonde hair (take this as your warning).

COVER YOUR SEATS

Pack an old towel or garbage bag to sit on the trip home.

SLIP, SLOP, SLAP

Coat yourself in sunscreen and lip balm with SPF in it. Not only will it protect you from the sun, it will help the color to slide off when you're done.

SHIELD YOUR EYES

Sunnies, goggle or similar items will avoid any irritations.

LEAVE YOUR NICE THINGS AT HOME

While the color will eventually wash out of everything, we suggest leaving your expensive strollers or running shoes at home (just in case).

CLEANING UP:

HIT THE CLEANING ZONE

They will blow all the loose powder off, leaving you 'touch clean'.

DUST OFF

Shake off as much of the dry powder as you can before adding any water.

PONCHOS

Available at the Showground station for those catching public transport

WASHING YOUR HAIR

Anti – dandruff shampoo is best for helping remove any color patches. If it needs something a little extra, add baking soda to your shampoo to form a paste.

SHOWER

When you get home, shower as normal and add baking soda to your body wash for stubborn spots.

CLOTHING

Dust off all excess color, wash items separately in cold water. Napisan or similar will work wonders.
